DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3-10 are rejected under 35 U.S.C. 102(b) as being anticipated by Healy (1930934).

It is noted that the amendments to claims are further discussed in the "Response to Arguments" section, which is incorporated in this rejection.

Healy discloses and/or shows:

The sickle bar structure
pivotally carried (cl. 1, 7, 8)

Art Unit: 3671

Response to Arguments

3. Applicant's arguments filed 10/25/2004 have been fully considered but they are not persuasive.

In re applicant's argument that the amendment of "vertically oriented" powering structure is not met by Healy, is not agreed with, since as shown in fig 2, ref 76 is vertically oriented.

In re applicant's argument that the amendment "continuous" is not by Healy, as the applicant also pointed out the sickle bar to be "continuous" or as claimed "for adjustable continuous pivotal motion," it is not agreed with, the claim language does not set forth a means plus function or structural limitation, therefore without addressing argument not germane, the Healy's sickle bar structure is capable for performing the function recited.

In re applicant's argument that the amendment now calls for "two wheels only" is not met by Healy, it is not agreed with, at first it is noted the "only" is not recited in the claim, and the two wheels in co-planar relationship (as now amended) is as shown in fig 2.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
